Attn: Import Transportation Manager

**Re: Stream Tariff for the CEO/CFIA Inspection Programs**

Please see the attached revised Stream tariff for the CBSA and CFIA programs. This new tariff will take effect on January 2, 2017.

There were many contributing factors that had to be taken into consideration when developing this new tariff. Those include, but are not limited to the need for additional/new equipment, increase to labour costs as well as increased facility costs.

Although the handling portion of tariff has changed, we have not increased the rate on drayage.

If you have any questions regarding this matter, please feel free to contact me either by email or at the phone number listed below.

Thank you for selecting the "STREAM TEAM" as the operator for these two valuable programs. We certainly value you as a customer and appreciate your support. The CBSA and CFIA programs protect the health, welfare and safety of all Canadians.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Cook".
